

GET ME OUT THE FOUR WALLS Charity Reg No 1177508

Referral Coordinator (Part Time 12-16 hours per week) Home based £9 per hour + 45p per mile travel allowance.

Get Me Out The Four Walls (GMOTFW) is a small, dynamic and rapidly expanding Norfolk based not -for -profit organisation, which provides valuable support for mothers and families who are affected by maternal mental health problems; mainly prenatal, perinatal and postnatal depression.

This user led organisation has an excellent reputation and has already developed a close partnership with the Perinatal Team in Norwich which is part of the Norfolk and Suffolk Foundation Trust. As part of the recovery process, the Perinatal Team will refer individuals to the Referral Coordinator for further support in the community. Referrals can come from other health sources such as GP's and via individuals themselves or through the family and or carers.

Many of the women who require our support are very vulnerable and the postholder will need to demonstrate an empathic and professional approach in order that the client experiences a seamless and supportive recovery pathway. The cornerstone of the work of GMOTFW is placing the client at the centre in all that we do.

It will be essential that the new post holder has a personal and /or professional insight into this area of mental health. Women who have experienced being a user of maternal mental health services and/or applicants having a background in working in mental health services will be a distinct advantage.

A willingness to receive professional support, supervision and training where appropriate will be essential along with undergoing an enhanced DBS check. He/ she must be car owner and be willing to travel.

Closing Date Friday 21st December 2018

Please contact Hannah Loveless email: admin@getmeout.org.uk for an application pack.
